Title	TEACH ON THE INTERNET
Resume	<p>UPI (Ucz przez Internet – Teach on The Internet) is a tool for the training institutions offering e-learning courses. Service was created as under a project financed by the European Union Operational Programme Innovative Economy. WEKTA company offers to training institutions an opportunity to establish their own e-learning platform at the UPI server; also provides courses wizard. UPI charges a commission on purchased courses and instead bear the full cost of: maintenance of an e-learning platform; administrative and technical support for students; generating reports from completed courses. UPI provides free of charge courses wizard. UPI offers also also a database of testers and methodologists.</p>
